# Q Quest 2012 - Workshops

At Q Quest, the aim of workshops has been to spark the quest for knowledge that is not satiated by books alone. In this aspect we have workshops on Quality tools, Quality Practices, six sigma, Quality Awards and ISO Certification. By means of these workshops we have sought to bring down the experts in varied fields and provide participants with hands on knowledge of the very best of practices.

In this edition of Q Quest, we look forward to special edition for workshops as never before. Most of the workshops are conducted by eminent people from the leaders of this field. The journey that we have started and our aim still remains the same - an opportunity to interact with the experts and walk away with the gift of knowledge.

## List of Workshops

- Quality Tools & Techniques
- ISO Certification, Six Sigma & Quality Awards
- Personality Development

As an added benefit, the participants of first two workshops will be taken to an industry, and the quality process followed in their company will be explained by the professionals. While the knowledge part of the workshop involves the lectures by the experts from the companies, the participants stand to gain a firsthand knowledge on the practical implementation of these techniques in the industry during the industrial visit that would be conducted after the lectures.

*One workshop will be conducted on each day from 24th to 26th of February.*
