"WORKSHOP ON RADIATION TECHNOLOGY AND ITS APPLICATIONS"

04.10.2023 – 06.10.2023

JOINTLY ORGANIZED BY:
ANNA UNIVERSITY, Chennai
SCIENCE CITY, Chennai
IGCAR, Kalpakkam

OBJECTIVE:
- To promote Scientific Research temperament
- To create awareness about Radiation Technology and its applications for the betterment of the society.
- To provide guidelines on research avenues

ABOUT THE WORKSHOP:
This workshop is intended for the students from Govt. and Govt.-aided colleges and will include lectures by eminent scientists from IGCAR, DAE, Anna University, Queensland University (Australia) and medical doctors on important aspects of radiation and its applications in medicine, industry, agriculture, archaeology etc. The students will get exposure on research opportunities and available fellowships. In addition, models of reactors and applications of radiation in various fields will be exhibited.

Top-10 candidates selected by the online tests will be provided opportunities to do internships at IGCAR. A quiz competition will be conducted on the final day and special prizes will be given to the winners by IGCAR. Certificates will be given to the participants with full attendance. There is no registration fee. Refreshments will be provided, but travel and lunch expenses are borne by the organizers.

The last date for registration 25.09.2023.
Venue: Auditorium@Distance education building, Anna University
