Certification Course on Composites – Interest Survey by CCM, Anna University

Dear all,

We are exploring the possibility of launching a Certification Course on Composites at CCM, Anna University, covering critical areas in composites processing, characterization, and structural applications.

To tailor the course to industry and academic needs, we request your valuable input through a short survey (takes less than 3 minutes!).

<https://forms.gle/BHbRWgKZt4m1gQx46>

Kindly share this across your network so we can gather diverse perspectives. Your participation will help design a course that makes a real impact!

Thank you for your support!
