

LIST OF PUBLICATIONS

PUBLICATIONS IN JOURNALS/BOOKS

S. Vijayan, K. Vani, **S. Sanjeevi** and R. S. Aarthy (2010). Analysis of Loner crater and its terrain using Cartosat-1 DEM.. *Journal of Geophysical Research (PLANETS)*.

Sanjeevi S. and Aparna S. Bhaskar, (2008) Satellite derived digital terrain and perspective models - An aid to teach geologic mapping. *Journal of the Geological Society of India*. Vol 71. February 2008. pp-214-222.

Sanjeevi S. and Aarthy R. S., (2007) Spectral studies of lunar equivalent rocks-A prelude to Lunar mineral mapping. *Photonirvachak. Journal of the Indian Society of Remote Sensing Spinger Verlag*. Vol 35. no.2, pp-149-160.

Sarunjith K. J. and Sanjeevi S. (2007) Reconnaissance-level mapping of vulnerable areas in a tsunami-prone coast using shuttle radar-derived Digital Elevation Model. *Current Science*, vol. 92, no. 7, 10. pp. 999-1003.

Rajakumar, P., Sanjeevi,S., Jayaseelan,S., and Isakkipandian, G., (2007) Landslide susceptibility mapping in a hilly terrain using remote sensing and GIS, *Photonirvachak, Journal of the Indian Society of Remote Sensing, Spinger Verlag*. Vol. 35, No. 1, pp - 22-33.

Sanjeevi Shanmugam and Abhishekh P.V., (2006). Spectral unmixing of hyperspectral data to map bauxite deposits. In *Multispectral, Hyperspectral, and Ultraspectral Remote Sensing Technology, Techniques, and Applications*. Edited by Smith, William L., Sr.; Larar, Allen M.; Aoki, Tadao; Rattan, Ram. *SPIE, Volume 6405*, pp. 64051N (2006).

Mahadevaiah, T. and Sanjeevi, S., (2006) Water quality index map of Chitravathi watershed, Kolar district, Karnataka, *Nature Environment and Pollution Technology*, Vol.5, No.4, pp. 639 – 644. ISSN 0972 – 6268.

Rajakumar, P., Sanjeevi, S., and Murali Ragini G. T., (2006) Integration of multi-temporal normalized difference vegetation index (NDVI) Landuse-change and slope information to delineate landslides prone areas in the Nilgiris, South India, *Nature Environment and Pollution Technology*, Vol.5, No.4, pp. 561 – 568. ISSN 0972 – 6268

Shanmugam. P, Yu-Hwan Ahn and Sanjeevi. S, (2006) A comparison of the classification of wetland characteristics by linear spectral mixture modelling and traditional hard classifiers on multispectral remotely sensed imagery in southern India, *Ecological Modelling*, 1 9 4 pp. 379–394.

Sanjeevi. S, Vani. K, Vidhyalakshmi. S. and Shilpa Suresh, (2005) SRTM DEM for Reconnaissance Level Inundation Mapping in a Tsunami prone region. *In Tsunami:The Indian context*. pp 85-98. Allied Publishers, New Delhi.

Shanmugam. P, Yu-Hwan Ahn, and Sanjeevi. S (2005) Application of Multispectral Remotely Sensed Imagery for the Characterization of Complex Coastal Wetland Ecosystems of southern India: A Special Emphasis on Comparing Soft and Hard Classification Methods. *Korean Journal of Remote Sensing*, Vol.21, No.3, pp.189~211.

P. Shanmugam, A.S. Manjunath, Y.H. Ahn, S. Sanjeevi and J.H. Ryu (2005) Application of Multisensor Fusion Techniques in Remote Sensing of Coastal Mangrove Wetlands-, *International Journal of Geoinformatics* - Vol 1, No 3. pp-1-17.

Shanmugam, P., Ahn, Y.H., Sanjeevi, S. and Manjunath, A.S. (2003). Integration of ERS- 2 SAR and IRS- 1D LISS-III for improved coastal wetland mapping, *Korean Journal of Remote Sensing*, 19(5), 351-361.

Sanjeevi. S., Lucas, N.S., Phipps, P., Richards, A. and Barnsley, M.J., (2003), Assessment of Remote Sensing Techniques for Habitat mapping in Coastal Dune Ecosystems, *Journal of Coastal Research*, 19(1), 64-75.

Sanjeevi. S. and Barnsley, M.J., (2003), Quantifying landscape succession in a coastal dune system using sequential aerial photography and GIS, In Green, D.R. and King, S.D., (eds.), *Coastal and Marine Geo-Information Systems: Applying the Technology to the Environment*, Kluwer Academic Publishers, Dordrecht, The Netherlands, pp.247-260.

Vidhya Lakshmi. S. and Sanjeevi. S. (2003). End member variability across and image scene and its influence on spectral unmixing. *International Journal of Remote Sensing*. (Communicated).

Lucas, N.S., Shanmugam, S., and Barnsley, M.J., (2002), Sub-pixel habitat mapping of a coastal dune ecosystem, *Applied Geography*, 22, 253—270

Vani, K. and Sanjeevi, S. (2002). Fusion of ASTER image data for enhanced mapping of landcover features. *Geospatial Today*. Vol. 1. Issue 1. pp 59-62.

Sanjeevi. S. and Barnsley, M.J., (2002). Quantifying landscape succession in a coastal dune system using sequential aerial photography and GIS, *Journal of Coastal Conservation*.

Shanmugam, P., and Sanjeevi, S., (2001). Characterisation of bio-physical parameters of coastal surface waters using spectral studies, *Proceedings of International Conference on Remote Sensing and GIS/GPS*, Hyderabad, India, February 2-5, pp.641-646.

Sanjeevi, S., and Barnsley, M.J., (2000). Spectral unmixing of Compact Airborne Spectrographic Imager (CASI) data for quantifying sub-pixel proportions of parameters in a coastal dune system, *Photonirvachak (Jour. of the Indian Soc. of Remote Sensing)*, 28 (2-3), 187-204.

Sanjeevi. S. (1999). Quantifying Proportions of Water/Soil-Moisture and sand in a coastal terrain using Remote Sensing. IWRS. *Journal of the Indian Water Resources Society*. ISSN. 0970 – 6984. Vol 19 (5). No. 2. pp: 69-75.

Sanjeevi. S. (1999). Aerial photography and GIS to quantify habitat succession in ecologically significant coastal dunes of south Wales, UK. *International Journal of Environment, Ecology and Conservation*. Vol 4.

Shanmugam, S.; Barnsley, M., (1998) Linear spectral unmixing of CASI data for habitat mapping and management in a coastal dune system, Geoscience and Remote Sensing Symposium Proceedings, IGARSS apos;98. 1998 *IEEE International*, Volume 2, Issue , 6-10 Jul 1998 Page(s):767 - 769 vol.2

Sanjeevi. S. (1996). Morphology of the dunes of the Coromandel coast- South India. - A satellite data based approach for coastal landuse planning. *International Journal of Landscape and Urban Planning*. Vol 34. pp: 189-195. Elsevier publication.

PUBLICATIONS IN CONFERENCE PROCEEDINGS

Characterising the ejecta spectra of lunar crater, India in hyperion image – Implications for lunar studies –by Vijayan.S, Vani.K, Sanjeevi. S. 41st Lunar planetary science conference (LPSC-2010), Houston, USA.

Crater mapping and analysis using cartosat-1 dem.- Vijayan.S, Vani. K, Sanjeevi. S and Aarthy .R.S. 40th Lunar planetary science conference (LPSC-2009), Houston, USA

Spectral studies of anorthosite and meteorites.- Aarthy. R.S, Sanjeevi. S, Vijayan. S and Krishnamurthy. J. 40th Lunar planetary science conference (LPSC-2009), Houston, USA

Sanjeevi Shanmugam, Satish Kumar J. and Govindan S., (2009) Hyperspectral radiometry to study dunite alteration and magnesite deposits in Salem, South India. Proceedings of the National symposium and Annual Convention of the Indian Society of Remote Sensing, 17-19.

A pattern- recognition approach to recognise and classify lunar craters - Vijayan .S, Vani.K, Sanjeevi .S and Aarthy .R.S. Indian society of remote sensing - advances in remote sensing technology and applications with special emphasis on microwave remote sensing, Ahmadabad 18-20 December 2008

Derivative spectra of dunite rock – Aarthy .R. S, Sanjeevi .S and Krishnamurthy. J. Indian society of remote sensing - advances in remote sensing technology and applications with special emphasis on microwave remote sensing, Ahmadabad 18-20 December 2008

Crater and dome identification from satellite images - Vijayan .S, Vani. K, Sanjeevi .S.
International conference on emerging scenarios in space technology and application-2008,
Satyabama university Chennai, 13-15 November 2008

Spectral study of anorthosite, dunite and basalt rocks in vnir region - Aarthy. R. S. Sanjeevi .S
and J. Krishnamurthy. International conference on emerging scenarios in space technology and
application-2008, *Satyabama university* Chennai, 13-15 November 2008

Interpretation keys for crater and dome mapping From satellite images - Vijayan. S, Vani. K,
Sanjeevi. S. 29th asian conference on remote sensing, colombo, srilanka 10-14 november 2008

Relating VNIR spectra and mineralogy of anorthosites – Aarthy R. S. and Sanjeevi S.,
29th asian conference on remote sensing, colombo, srilanka. 10-14 november 2008

*Pure and mixed spectra of anorthosite, gabbro and dunite of salem and namakkal districts of
southern India* - Aarthy .R.S, Sanjeevi .S and Krishnamurthy. J. The solar system bodies: from
optics to geology” Kharkiv, Ukraine 26-29 May, 2008,

*A methodology to map proportions of anorthosite & gabbro in the proposed hysi images of
Chandrayaan-1* - S. Vijayan, S. Sanjeevi, J. Krishnamurthy and R.S. Aarthy. Proceedings of the
National space science symposium 07” held at radio astronomy centre, Ooty 26-29 Feb 2008

*A methodology to map proportions of anorthosite & gabbro in the proposed hysi images of
Chandrayaan-1* - S. Vijayan, S. Sanjeevi, J. Krishnamurthy and R.S. Aarthy. Proceedings of the
National space science symposium 07” held at radio astronomy centre, Ooty 26-29 Feb 2008.

*An approach to map sub-pixel proportions of gabbro and anorthosite rocks in the proposed
chandrayaan-1 HySI images* - R.S. Aarthy, S. Vijayan, S. Sanjeevi & J. Krishnamurthy.
Proceedings of the National conference on high resolution remote sensing & thematic
applications" Kolkata .18-20 December 2007

Sanjeevi Shanmugam and Aparna Bhaskar (2007) A sub-pixel approach for accurate change
detection in Pichavaram mangroves, southern India, using satellite images. Proceedings of the

International Conference on Mangroves – Important Issue for the Coastal Environment. 25-26, August 2007. Ho Chi Minh City, Vietnam

Sanjeevi Shanmugam and Abhishekh P.V., (2006). Spectral unmixing of hyperspectral data to map bauxite deposits. Proceedings of the Fifth International *Asia-Pacific Environmental Remote-Sensing Symposium*. Goa, India, 13-17 Nov, 2006.

Manu Vaasanthi, Jeyakanthan V.S., Sanjeevi S., (2006) Estimating Sedimentation Rate for Vaigai Reservoir Using Remote Sensing Data, *National Conference on Geomatics for Infrastructure Development*, 4-6 January 2006, Chennai.

Jeyakanthan V.S., Sanjeevi S., (2006) Capacity Estimation of Vaigai Reservoir Using Remote Sensing Data-A Soft Classification Approach, *International Conference on Environmental Geosciences-*, 15-16 Feb 2006, Chennai.

Anu D., Ponulakshmi A.P., Sathya R., Ramiya, A.M., Jeyakanthan, V.S., and Sanjeevi S. (2006) "Sub-Pixel Classification of Images for Reservoir Area Estimation" *International conference on Hydrology and Watershed Management* at Hyderabad on 5-8 December 2006.

Jeyakanthan V.S. and Sanjeevi S., (2006) Recent Image Classification Technique for Assessment of Reservoir Sedimentation at *the National Seminar on Hydrology organized by Association of Hydrologist of India* on 24-25 August 2006 at Chennai.

Jeyakanthan V.S., Sanjeevi S. and Rao Y.R.S, (2005) Sedimentation Study of Vaigai Reservoir Using Remote Sensing Technique, *National Seminar on Geoscience and Environment* during 27-28 January 2005 at Madras University, Chennai.

Jayaseelan S. and Sanjeevi. S. (2004) landslide susceptibility mapping in the nilgiri district, south India by correlating topography and geological structure. Proceedings of ISRS conference on Remote sensing of Atmosphere,. South Korea.

Vidya Lakshmi S. and Sanjeevi S. (2003). Spatial Resolution and Classification Accuracy - Implications for sub-pixel Classification. *Proceedings of the International Conference on Geomatics 2003: Retrospect and Prospect*. New Delhi 2003. Remote Sensing Technology Trends and Geomatics Applications.

Rajakumar P. and Sanjeevi S. (2003). Multi-temporal image derived Ratio Vegetation Index and NDVI in a landslide prone region. 2003. *Proceedings of the 24th Asian Conference on Remote Sensing 2003 and International Symposium on Remote Sensing*. Busan Korea.

Sanjeevi S. and Jayaseelan S (2003). Geological Mapping using SWIR and VNIR Bands of ASTER Image Data. (2003).. *Proceedings of the 24th Asian Conference on Remote Sensing 2003 and International Symposium on Remote Sensing*. Busan Korea.

Shanmugam, P. and Sanjeevi, S. (2002) Analysis and evaluation of speckle suppression algorithms as applied to radar images, *International Geoscience and Remote Sensing Symposium (IGARSS 2002)*, Ontario, Canada, July 9-13, pp.1-3.

Vani, K., S. Sanjeevi and A. Ravindran (2002), Wavelet based fusion of ASTER (VNIR and SWIR) bands for improved soil information extraction; Proceedings of the ISPRS commission VII symposium; resource and environmental monitoring, *The International Archives of the Photogrammetry, Remote Sensing and Spatial Information Sciences*, 34, 140-145.

Vani K. and Sanjeevi S. (2002). Fusion of ASTER image data for enhanced mapping of landcover features. *Proceedings of Map India 2002*, New Delhi.

Jayaseelan S and Sanjeevi S. (2002). Visible and NIR reflectance spectra of the components of a landslide zone in the Nilgiris, south India, *Proceedings of the 23rd Asian Conference on Remote Sensing*, Khatmandu. Nepal.

Sanjeevi, S. and Barnsley, M.J., (2001). Derivative spectral analysis of hyperspectral data for deriving coastal dune habitat information, In Muralikrishna, I.V. (ed.), *Spatial information technology, remote sensing and GIS*, (India: BS Publications).

Shanmugam, P., Sanjeevi. S and Manjunath, A.S. (2001). Evaluation of speckle suppression algorithms as applied to radar images for coastal studies. *Proc. of the Nat. Symp.on Advances in Remote Sensing Technology with special emphasis on high resolution imagery. & Annual Convention of Indian Society of Remote Sensing (ISRS)* Dec 11 - 13, 2001 Ahmedabad.

Shanmugam.P and Sanjeevi. S. (2001). Analysis And Evaluation of Fusion Techniques Using IRS-1C LISS-3 and Pan Data for Monitoring Coastal Wetlands of Vedaranniyam, Tamil Nadu. *Proceedings of the National symposium on advances in remote sensing technology with special emphasis on high resolution imagery & annual convention of Indian Society of Remote Sensing (ISRS)* December 11 - 13, 2001 Ahmedabad.

Sanjeevi, S. Vani, K. Lakshmi. K (2001). Comparison of conventional and wavelet transform techniques for fusion of IRS-1C LISS-III and PAN images. *Proc. ACRS 2001 - 22nd Asian Conference on Remote Sensing*, 5-9 November 2001, Singapore. Vol. 1, pp. 140-145.

Shanmugam,P. and Sanjeevi S. (2001) Characterization of bio-physical parameters of coastal surface waters using spectral studies. In Muralikrishna, I.V. (ed.), *Spatial information technology, remote sensing and GIS*, (India: BS Publications).

Vani K. and sanjeevi S. (2001). Evaluation of fusion techniques using separability analysis. *Proceedings of the IEEE Conf. on Geoscience and Remote Sensing*. Toronto. Canada.

Sanjeevi, S. (2000). Integrated GIS And Airborne Remote Sensing - A Tool For Coastal Conservation And Management In South Wales, UK. *Proc. of MAP INDIA 2000*. New Delhi.

Sanjeevi S, and Ravi Kumar (2000). An investigation into the occurrence of silica-grade sand deposits along parts of the south Indian coast, using IRS-1C data and GIS. *Proceedings of the 23rd Asian Conference on Remote Sensing*, Khatmandu. Nepal.

Shanmugam. P and Sanjeevi. S (2000). A study on the Visible and Near Infrared Reflectance of Certain Wetland Features along the Coromandel Coast, South India. *Proceedings of the 28th International Symposium on Remote Sensing of Environment*. Cape Town. South Africa.

Sanjeevi. S. and N Lucas. (2000). Sub-pixel Habitat Mapping in Coastal Dune Ecosystems Using Linear Mixture Model and Fuzzy Membership Functions. *Proceedings of the 28th International Symposium on Remote Sensing of Environment*. Cape Town. South Africa.

Sanjeevi S. and Barnsley. M., (1999). Linear Spectral Unmixing of Airborne MSS Data to Delineate Successionally Younger Habitats in a Coastal Nature Reserve of South Wales, UK. *Proceedings of the 25th Annual Conference of the Remote Sensing Society*. UK. University of Wales at Cardiff and Swansea. 8 - 10 September 1999.

Sanjeevi. S and Barnsley. M., (1998). Linear Spectral Unmixing of CASI data for habitat mapping and management in a coastal dune system. *Proceedings of the International Symposium on Geoscience and Remote sensing (IGARSS 98)* Seattle, USA.

Sanjeevi. S. and Barnsley. M., (1998). Applicability of spectral unmixing in various spatial scales in a coastal dune system. *Proceedings of the Annual Conference of the Remote Sensing Society*, UK.

Sanjeevi. S and Barnsley. M., (1997). Quantifying Landscape and habitat succession using sequential aerial photography and GIS- A case study from the dunes of south Wales. *Proceedings of the International Symposium on Coastal Applications of GIS (COASTGIS' 97)*. Aberdeen, Scotland.

Sanjeevi. S and Barnsley. M., (1996). Monitoring vegetation succession in coastal dunes using remote sensing: a case study from the Kenfig National Nature Reserve, south Wales. *Proceedings of the 22nd Annual Conf. of the Remote Sensing Society*, UK.

Sanjeevi. S. (1995). Morphology of the dunes of the Coromandel coast- South India. - A remote sensing study for coastal landuse planning. *International Conference on Coastal Dunes*. Port Elizabeth, South Africa.

Elango. L. and Sanjeevi. S. (1992). Groundwater - landuse relationship studies using IRS-1A data. *Proc. Nat. Sem. Recent/Trends in Prospecting of Earth Resources*. Madras.

Sanjeevi. S. and Mohana Doss. C. (1992). Earth resources evaluation around Krishnagiri using satellite data. *Proc. Nat. Sem. Recent Trends in Prospecting of Earth Resources*. Madras.

Sanjeevi. S. and Naren, C.S. (1991) Conjunctive use of passive and active remote sensing data for mapping coastal wetlands - A case study. *Proc. Nat. Symp. Remote Sensing of Environment*. Madras.

Sanjeevi. S., Ramalingam. P. and Natarajan .T.-(1991). Study on Coastal wetlands of Tamil Nadu. *Proc. Nat. Symp. Remote Sensing of Environment*. Madras.

Ramasamy, SM and Sanjeevi. S. (1989). Remote sensing and ecosystem modelling of Coromandel Coast, South India. *Proceedings of the Sixth Symposium on Coastal and Ocean management*. USA.

Sanjeevi. S. (1988). Significance of remote sensing in explaining the origin and disposition of the salt lakes of Rajasthan. *Proceedings of the 9th Asian Conference on Remote Sensing*, Thailand.

Mohanadoss. C. and Sanjeevi. S. (1988). Geological, geomorphological and environmental studies in parts of hills of Dharmapuri district, Tamilnadu, using remote sensing techniques. *Proceedings of the National Seminar on Environmental Management in Hill and Tribal Areas*. Shillong.

Ramasamy, SM and Sanjeevi. S. (1987). Cyclone and its Geological - geophysical effects. *Procs. Of the UNESCO sponsored International Workshop on Cyclone Tracking, Disaster Assessment and Management*, Madras.

Ramasamy, S. M, and Sanjeevi. S., (1987). Cyclone and the related geomorphological changes in parts of coromandel coast, Tamil Nadu. *Procs. of the UNESCO sponsored International Workshop on Cyclone Tracking, Disaster Assessment and Management*, Madras.
