CALL FOR PAPERS & PARTICIPATION

ICRTIT' 2013
International Conference on Recent Trends in Information Technology
URL: www.annauniv.edu, www.mitindia.edu

Madras Institute of Technology, Anna University, Chennai-600044
July 25 – 27, 2013

Information Technology plays an important role in convergence of computing, communication and all other computational sciences and applications to satisfy our ever-challenging needs. In the past few decades, Information Technology has influenced and changed every aspect of our lives along with cultures. This technology will also persuade the future world in various areas which includes Science, Engineering, Industry, Business, Law, Politics, Medicine, and so on.

ICRTIT' 2013 welcomes research papers from practicing Eengineers and Technologists, Scientists from R & D Institutions, Faculty members of engineering colleges, Research scholars and Post graduate students from Information Technology, Computer Science and Communication fields all over the world.

Our conference is intended to foster the dissemination of state-of-the-art research in all future IT areas, including IT models, services, and novel applications associated with the utilization of Information Science and Technology.

ICRTIT'2013 will include the following types of sessions:

Topics of Interest:

- Biometrics & Bioinformatics
- Advanced Computer Architecture and Parallel Processing
- Computer Graphics / Multimedia / Virtual Reality
- Database and Data Mining
- DSP / Image Processing / Video Processing / Pattern Recognition
- Distributed, Grid, Cloud and Scalable Computing
- Embedded & Real Systems / System Software
- High Performance Computing / Green Computing
- Information Retrieval, Processing and Management
- Intelligent Information Systems
- IT for health care / Green Computing
- Multimedia systems and services
- Mobile and Pervasive Computing and Communications
- Networking and Network Security
- Soft Computing
- Software Engineering
- Web and Internet Computing
- Wireless Ad Hoc & Sensor Networks

Workshops:

- Mobile and Pervasive computing using WSN
- Video Analytics
Prospective authors are invited to submit papers not exceeding 6 pages written in English and as per the IEEE format on any one of the conference topics. Submitted papers must be original and unpublished. The proceeding will be published by IEEE, an International Publisher, USA. All selected papers will appear in IEEE Explore. In addition, High quality papers will be published in reputed Journals.

**Important Dates**
