## **CIRCULAR**

National Central University (NCU), Taiwan, is offering paid international research internship opportunities under the TEEP (Taiwan Experience Excellence Program).

### **About the Program**

TEEP is a prestigious initiative by the Government of Taiwan that provides international students with hands-on research experience in leading Taiwanese universities.

Interested and eligible students are requested to email their CV along with academic background details directly to the concerned faculty member at National Central University, Taiwan. Students aspiring for international research exposure are strongly encouraged to apply.

These are paid internship positions, and successful candidates will receive a stipend of up to 12,000 NTD per month.

For further information, please contact the below web link and the QR Code.
