Dear Sir/ Madam,

**Sub : Technology Commercialization for the technologies developed by the staff and students of the departments/ centres - reg**

Our university was selected for a DST project in setting up "Technology Enabling Centre (TEC)" for facilitating effective Technology transfer from scientific community to Industries. In this regard, we request all department scientific staff to communicate from time to time, the list of available technologies for commercialization. The TEC will consolidate the entire data and take effective steps to promote the in-house technologies of our institution and also to act as a facilitator in Industry-Academic interaction.

In this connection, we have appointed a team with Mr.C.Vignesh (Mobile: 9361245320. Email: tecannauniversity@gmail.com), as Technology Commercialization Officer, exclusively to interact with all, with prior appointment with you, to discuss about various modalities required for effectively utilising the department research work to commercializing for benefit of the Institution and the society at large.

It is requested to extend your full co-operation in making the project, a great success..

Yours faithfully,

**DIRECTOR**

To,

1. All the HODs of Department / Directors of Centre / Institutes
2. Deans of all campuses (CEG, MIT, ACT, SAP, Regional Officers/ Constituent Colleges)
3. Director, RCC ( with a request to communicate to all the staff members through University mail and scroll in the University website)
