ABOUT ANNA UNIVERSITY

Anna University was established on 4th September 1978 as a unitary type of University. It offers quality higher education in Engineering, Technology and Allied Sciences relevant to the current and projected needs of the society.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering was started in the year 1987. DCSE functions as one of the University Departments having academic autonomy with its own syllabus and curriculum. It offers undergraduate, postgraduate and research programs in various disciplines of CSE. This department offers B.E programme in Computer Science and Engineering and three ME programs in the specializations: Computer Science and Engineering, Software Engineering and Computer science and Engineering with specialization in Big data. The student strength of the department is more than 1000. It also promotes active industry–institute collaboration by identifying areas of interest and taking part in sponsored research projects and consultancy services both for the private and public sectors.

CERTIFICATE

Mr./Ms./Dr.___________________________
___________________________
is an employee/research scholar of our Institution/Organization. He / She will be permitted to attend the workshop, if selected.

Date :
Place :
Signature & Seal of the Sponsoring Authority

Workshop
On
Application development, deployment and testing on the Cloud
March 21st to 23rd 2016

Coordinators
Dr. Rajeswari Sridhar
Dr. Angelin Gladston
Mentor
Dr. D. Manjula

Organized by
Department of Computer Science and Engineering,
Anna University
Chennai – 600025
ABOUT THE PROGRAMME
Cloud computing brings into focus what IT always needs: a way to increase capacity or add capabilities on the fly without investing in new infrastructure, training new personnel, or licensing new software. Cloud computing encompasses pay-per-use service that, in real time, extends the existing capabilities of IT over the Internet. Today, with such cloud-based interconnection, cloud computing might be more accurately used for application development and deployment.

WORKSHOP OBJECTIVES
To explore the architecture of some cloud computing environments that offer application development, deployment and testing. To explore the research trends involved in such a scenario and help identify the gaps and suggest solutions to fill the gap.

RESOURCE PERSONS
- Faculty from Anna University, IBM, VMware

PARTICIPANTS
Research Scholars and faculty members who are pursuing research in Cloud Computing. Selected candidates need to bring their laptops for practical sessions.

TOPICS TO BE COVERED
- Research trends in Cloud Elasticity, Interoperability
- Application development using IBM Blue mix
- Docker paradigm
- Business intelligence in cloud
- Virtualization Techniques

REGISTRATION
Only limited number of seats are available. Selection is based on first come first serve basis. Preference will be given to staff/research scholars working in cloud computing who have not attended our earlier workshop. Lunch and tea will be provided on all the days of the workshop.

TRAVELLING / ACCOMODATION
No TA / DA will be provided. Participants should make their own arrangement for boarding and lodging.

IMPORTANT DATES
Last date of submission of application:
- 10th March 2016
List of selected candidates will be informed through email by 15th March 2016
 Queries: dcseworkshop@gmail.com

APPLICATION FORM
Workshop
On
Application development, deployment and testing on the cloud
March 21st to 23rd 2016

1. Name :
2. Date of Birth :
3. Designation :
4. Institution :
5. E-mail ID :
6. Phone No(s). :
7. Educational Qualification :
