About the Department:
The Department of Computer Technology at MIT Campus, Chennai strives to produce excellent computer professionals through comprehensive educational programmes, promoting students with managerial skills to become competitive entrepreneurs, carrying out research in collaboration with industries and adaptive to ever-changing technologies.

About the Workshop:
No-Code ML Application Development Workshop Program aims to explore the creation of innovative models and solutions across various domains, without any coding. Delve into no-code platforms, mastering data classification, comprehensive analysis, and accurate predictions. Embark on this journey to transform your approach to ML development, unlocking boundless opportunities without the need to write a single line of code.

Target Audience:
Students, Research Scholars, Academicians, and Industry Delegates.

Registration Fee:
Industry/Academician: Rs. 700/-
