ABOUT ANNA UNIVERSITY

Anna University was established on 4th September 1978 as a unitary type of University. It offers quality higher education in Engineering, Technology and Allied Sciences relevant to the current and projected needs of the society.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering was started in the year 1987 as a spin off from the Electronics and Communication Engineering Department. DCSE functions as one of the University Departments having academic autonomy with its own syllabus and curriculum. It offers undergraduate, postgraduate and research programs in various disciplines of CSE. This department offers B.E programme in Computer Science and Engineering and two ME programs in the specializations: Computer Science and Engineering and Software Engineering. The student strength of the department is more than 1000. It also promotes active industry-institute collaboration by identifying areas of interest and taking part in sponsored research projects and consultancy services both for the private and public sectors.

Signature & Seal of the Sponsoring Authority

One Day Workshop

Research Trends in Cloud Computing

September 13th 2013

Coordinators
Dr. D. Manjula
Dr. Rajeswari Sridhar

Mentor
Dr. T.V. Geetha

Organized by
Department of
Computer Science and Engineering,
Anna University
Chennai – 600025

E-mail : manju@annauniv.edu
         rajisridhar@annauniv.edu
ABOUT THE PROGRAMME

Cloud computing brings into focus what IT always needs: a way to increase capacity or add capabilities on the fly without investing in new infrastructure, training new personnel, or licensing new software. Cloud computing encompass any subscription-based or pay-per-use service that, in real time extends the existing capabilities of IT over the Internet. Today, with such cloud-based interconnection, cloud computing might be more accurately described as "sky computing," with many isolated clouds of services, which IT customers must plug into individually. On the other hand, as virtualization and SOA permeate the enterprise, the idea of loosely coupled services running on an agile, scalable infrastructure should eventually make every enterprise a node in the cloud.

WORKSHOP OBJECTIVES

To expose the latest research trends in Cloud computing, to identify the gaps in existing research areas of Cloud computing and to suggest possibilities of the gap bridging exploration.

RESOURCE PERSONS

• Faculty from Anna University
• Scientists from CDAC, Chennai

PARTICIPANTS

Research Scholars and faculty members who are pursuing research in Cloud Computing

TOPICS TO BE COVERED

• Research trends in Cloud Elasticity
• Security in an inter-cloud environment
• Interoperability issues
• Business intelligence in cloud
• Virtualization Techniques
• Big Data and Cloud

REGISTRATION

Registration is free. Only limited number of seats is available. Selection is based on first come first served basis. Preference will be given to staff/research scholars working in cloud computing

TRAVELLING / ACCOMODATION

No TA / DA will be provided. Participants should make their own arrangement for boarding and lodging.

IMPORTANT DATES

Last date of submission of Application: (By e-mail - scanned after receiving signature) - 10th September 2013

Intimation of selection: 11th September 2013 (By e-mail only)

APPLICATION FORM

One Day Workshop

On

Research Trends in Cloud Computing

September 13th 2013.

1. Name :

2. Date of Birth :

3. Designation :

4. Institution :

5. Address for Communication :

6. E-mail ID :

7. Phone No(s). :

8. Educational Qualification :
