ABOUT ANNA UNIVERSITY

Anna University was established on 4th September 1978 as a unitary type of University. It offers quality higher education in Engineering, Technology and Allied Sciences relevant to the current and projected needs of the society.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering was started in the year 1987. DCSE functions as one of the University Departments having academic autonomy with its own syllabus and curriculum. It offers undergraduate, postgraduate and research programs in various disciplines of CSE. This department offers B.E programme in Computer Science and Engineering and two ME programs in the specializations: Computer Science and Engineering and Software Engineering.

The student strength of the department is more than 1000. It also promotes active industry-institute collaboration by identifying areas of interest and taking part in sponsored research projects and consultancy services both for the private and public sectors.

Workshop

On

Cloud Computing – Architecture, Approaches and Applications

March 25th to 28th 2014

Coordinators

Dr. D. Manjula
Dr. Rajeswari Sridhar

Mentor

Dr. T.V. Geetha

Organized by

Department of

Computer Science and Engineering,
Anna University
Chennai – 600025
ABOUT THE PROGRAMME
Cloud computing brings into focus what IT always needs: a way to increase capacity or add capabilities on the fly without investing in new infrastructure, training new personnel, or licensing new software. Cloud computing encompass any subscription-based or pay-per-use service that, in real time extends the existing capabilities of IT over the Internet. Today, with such cloud-based interconnection, cloud computing might be more accurately described as "sky computing," with many isolated clouds of services, which IT customers must plug into individually. On the other hand, as virtualization and SOA permeate the enterprise, the idea of loosely coupled services running on an agile, scalable infrastructure should eventually make every enterprise a node in the cloud.

WORKSHOP OBJECTIVES
To explore the architecture of Cloud computing and its research trends. To identify the gaps in existing research areas of Cloud computing and to suggest solutions to fill the gap.

RESOURCE PERSONS
- Faculty from Anna University, IIT, IISc, CDAC and Industry.

PARTICIPANTS
Research Scholars and faculty members who are pursuing research in Cloud Computing. Selected candidates need to bring their own laptops for practical sessions.

TOPICS TO BE COVERED
- Research trends in Cloud Elasticity
- Security in an inter-cloud environment
- Interoperability issues
- Business intelligence in cloud
- Virtualization Techniques

REGISTRATION
Candidates need to send a DD for Rs.2500/- (Two thousand five hundred only) which will be refunded at the end of the workshop. The DD should be in favour of "The HOD, DCSE, Anna University, Chennai – 25". Only limited number of seats is available. Selection is based on first come first served basis. Preference will be given to staff/research scholars working in cloud computing on a first come first served basis and who have not attended our earlier workshop. Lunch and tea will be provided on all the days of the workshop.

TRAVELLING / ACCOMMODATION
No TA / DA will be provided. Participants should make their own arrangement for boarding and lodging.

IMPORTANT DATES
Last date of submission of application:
- 18th March 2014.
List of selected candidates will be informed through email by 20th March 2014.
Queries: dcseworkshop@gmail.com

APPLICATION FORM
Workshop
On
Cloud Computing – Architecture, Approaches and Applications
March 25th to 28th 2014.

1. Name :
2. Date of Birth :
3. Designation :
4. Institution :
5. E-mail ID :
6. Phone No(s). :
7. Educational Qualification :
8. Research Area:
9. DD Details:
