COLLEGE OF ENGINEERING GUINDY  
ANNA UNIVERSITY, CHENNAI**

# **CONCRAZE'25**

**15th & 16th MARCH 2025**

## DEPARTMENT OF CIVIL ENGINEERING, CEG

The Department of Civil Engineering at Anna University, Chennai, holds the distinction of being the oldest in the country. Its origins date back to May 17, 1794, when the East India Company established a Survey School to train military personnel and surveyors. This institution evolved into a Civil Engineering School in 1858 and subsequently into a Civil Engineering College in 1859.

Over the years, with the dedicated efforts of committed professionals, the department has grown into one of the most prestigious Civil Engineering institutions in the country. Today, the Department of Civil Engineering encompasses a diverse range of well-established domains, including Structural Engineering, Geotechnical Engineering, Transportation Engineering, Environmental Studies, Water Resources Engineering, Remote Sensing, Ocean Management, Climate Change, and Disaster Management.

## ICI - STUDENTS CHAPTER OF CEG

The ICI Students Chapter at the College of Engineering, Guindy (CEG), is a distinguished community of Civil Engineering students from the Department of Civil Engineering, Anna University, Chennai. Established in 2017, the chapter comprises a dynamic group of undergraduates, postgraduates, and research scholars.

Driven by the mission "Conquering Horizons," the chapter is dedicated to advancing the standards of the civil engineering profession. It regularly organizes a wide range of initiatives, including technical lectures, workshops, panel discussions, competitions, and field visits, fostering academic and professional growth.

In recognition of its exemplary performance and contributions, the ICI Students Chapter, CEG, was awarded the prestigious Best Students Chapter Award for the academic year 2022–2023.

# CONCRAZE '25

Concraze, the flagship technical fest of the ICI Students Chapter, CEG, is a unique platform that brings together students from across the nation to showcase their expertise, from foundational concepts to cutting-edge innovations and technologies in Civil Engineering. Building on the enthusiasm and success of Concraze '24, held in 2024, we are thrilled to announce the third edition of this premier event: Concraze '25!

Join us on campus and be part of this extraordinary celebration of knowledge and innovation. Don't miss the opportunity to learn, compete, and connect with the brightest minds in the field!
