

ABOUT DEPARTMENT OF CIVIL ENGINEERING

The Department of Civil Engineering of Anna University is the oldest in the country, established as Survey School to train military personnel and surveyors in 1794. This has grown to a Civil Engineering School in 1858 and as a Civil Engineering College in 1859. Over the years, it expanded to its present level as one of a highly reputed Civil Engineering Departments in the country. Presently, the Department is having well established disciplines such as Structures, Environment, Water Resources, Soil Mechanics, Transportation, Remote Sensing and Climate Change.

ABOUT CENTRE FOR ENVIRONMENTAL STUDIES

Centre for Environmental Studies (CES) was established as a Division of Public Health Engineering in the year 1955 with the assistance from the World Health Organization (WHO). It was developed into Centre for Environmental Studies in 1982. The Centre has made a significant contribution in the field of Environment and has a rich tradition of teaching, research, consultancy and extension programmes for the past 64 years. Infrastructure facilities available at the Centre are such as an advanced Research Laboratory, Analytical Laboratory, Environmental Microbiology Laboratory, Unit Operation and Processes Engineering Laboratory and Air Quality Monitoring Laboratory. All the laboratories in the Centre have been upgraded to International Standards.
