Anna University, Tiruchirappalli

Bharathidasan Institute of Technology (BIT) has been established as a Technical Institute under Anna University, Chennai by the Government of Tamil Nadu. BIT Campus is situated 17 kms away from Trichy in the main highway towards Pudukkottai. BIT has been recently sponsored with Technical Education Quality Improvement Programme (TEQIP) grant. It offers a variety of UG, PG, Research programmes in the campus. The institution works towards developing partnership with industries and academic institutes to provide quality education and opportunity for environmental development. The main objective of institute is to provide a common platform for agglomeration of ideas of professional from various walks of life for learning enrichment and to create opportunities and exploit the available resources to benefit industry/society. BIT is working towards inculcating necessary knowledge, skills and creative attitudes and values among the youth of the country.

About the Department of Mathematics

Department of Mathematics is the pioneering department of the institution that offers assistance to many Information Technology and Engineering courses of the College. It is committed to the cost of quality education in Mathematics that forms the basis for all the other fields and IT, a field growing in leaps and bounds. It provides a good theoretical foundation through high quality teaching complemented by extensive practical training. The persistence of the dedicated faculty in preserving the standards is manifest in the successful placement and in the production of Ph.Ds.

About the FDP

The main objective of the Faculty Development program is to enable teachers to acquire and improve the basic skills of teaching Mathematics at the college/University level to achieve goals of higher education and keep abreast of the latest development in Mathematical Modelling and simulation. The FDP not only provides a platform for strengthening the Mathematical concepts, but also given an opportunity for the participants in knowing the emerging areas of Mathematics.
