ABOUT THE UNIVERSITY

Anna University was established on 4th September 1978 as a unitary type of University. It offers higher education in Engineering, Technology and allied Sciences relevant to the current and projected needs of the society. Besides promoting research and disseminating knowledge gained, it fosters cooperation between the academic and industrial communities. Situated in the southern part of the city of Chennai, the main campus of University extends over 100 hectares next to the Adyar River on the north and Raj Bhavan on the south. The Anna University is of the affiliated type, is a member of the Association of Indian Universities, the Association of Commonwealth Universities and Partner of UNESCO International Center for Engineering Education (UICEE). UGC has accredited Anna University with Five Star Status in 2002. With proven capabilities both in academic and research areas, Anna University was able to receive this honour for a period of five years for excellence in Technical Education.

ABOUT THE WORKSHOP

Multimedia Technology makes a progressive journey on various industrial and research domains. It advances towards meeting the complete perceptual identity of conceptual, physical and metaphysical entities which is found to be the promising scope of analysis in various application domains.

This workshop aims at exploring the basic features of Multimedia Applications and discuss the emerging trends of Industrial and Research fields. It provides an insight towards the availability and utilization of various Multimedia Application Development tools in the market. This workshop also intends to explore the motivating business factors embedded on these applications. Various sessions in this workshop will be handled by eminent resource persons from reputed academic and industry circles.

TOPICS TO BE COVERED

- Introduction to Emerging Multimedia Tools
- Business Opportunities in Multimedia Applications
- Creative Thoughts for Application Development
- Multimedia Compression Techniques
- Multimedia Databases
