

ABOUT THE INSTITUTION

University College of Engineering Ramanathapuram was started in the academic year 2008–2009 under the control of Anna University, Tiruchirapalli and then handed over to Anna University of Technology, Madurai. Now, this campus is running as one of the constituent colleges of Anna University, Chennai. Ever since its inception, the campus has been registering steady progress and it currently offers five undergraduate (full – time) courses in major branches of engineering. The college is actively involved in various research projects. It is situated at Pullangudi, about 9 Km from Ramanathapuram town and about 7 Km from Devipattinam.

ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering (ECE) was started in the academic year 2009–2010. The department is offering an UG course in ECE and planned to offer PG courses in ECE and part – time UG course. The department has a team of highly qualified and dedicated faculty members. The department has laboratories with modern and state –of – the –art equipment and excellent computing facilities. The department has 6 scholars presently pursuing the doctoral programme. The department has been conducting many workshops and seminars for the welfare of the students & faculties. The alumni of our department are spread far and wide across the globe holding eminent positions in Industries and Academia.

COURSE CONTENTS

Challenges in realizing Optical Fiber Communication Systems include the concepts of various sources and detectors, mode propagation, different types of optical fibers, fiber optic receivers with its measurements and to realize the optical networking concepts and system transmission. This program will be an eye-opener for basic and latest developments in integration of optical communication and components with its design challenges. Some of the outcomes of the FDTP include

- Fiber optic sources and detectors
- Parameters of optical fibers and its measurements.
- Optical network simulation and design.
- Practical sessions using Optisim.

COURSE FACULTIES

Sessions will be handled by the eminent personalities with teaching expertise and R&D from leading and reputed Universities/Institutions and industry persons.

ELIGIBILITY CRITERIA

The course is open to the teaching faculties of ECE and relevant branches working in Engineering Colleges with interest in learning Optical Fiber Communication Systems. Selection will be done based on the availability and as per Anna University Norms.
