ABOUT ANNA UNIVERSITY:

Anna University was established on 4th September, 1978 as a unitary type University. It offers higher education in the fields of Engineering, Technology and Applied Sciences, relevant to the current industrial and societal needs. The University has established research collaboration with many world class Institutions in various countries.

ABOUT ECE DEPARTMENT

The Department of Electronics and Communication Engineering is currently the hottest destination for the cream of the state with highly qualified faculty and the state-of-the-art laboratories. The department aims at creating quality engineers with sound technical knowledge and awareness of the latest advancements in existing and emerging technologies. The department has the distinction of being the first institution in India to start Under Graduate programme in Telecommunication Engineering in the year 1945. The first Post-graduate in Communication System was introduced in 1963 and subsequently PG programme in Applied Electronics, Medical Electronics, VLSI Design, Bio-Medical Engineering were introduced. The department of ECE has always enjoyed a respectable status among the major recruiters in India and the excellent performance of its students across the industry has enabled the department to maintain its strong and brand image. The extremely well qualified and highly knowledgeable faculty adds the value to the department and its students. The department of ECE also continuously engaged in the relentless endeavor to improve upon our past performance and to uplift the position in the league of engineering institutions.
