ABOUT THE INSTITUTE

Anna University was established on 4th September 1978 as a unitary type of university. It offers quality higher education in Engineering, Technology and Allied Sciences relevant to the current and projected needs of the society.

ABOUT THE DEPARTMENT

Department of Computer Science and Engineering (DCSE), one of the University Departments (UD) of Anna University, Chennai, was established in 1987. The department offers undergraduate, postgraduate and research programmes under various disciplines of computer science and engineering. DCSE functions under the Faculty of Information and Communication Engineering (I&CE). The Department provides world class training and infrastructure to students and research scholars to conduct research activities. Some of the major research areas on which the faculty members of the department are working include Networks, Database, Theoretical Computer Science, Image Processing, Software Engineering and Data Mining. The Department hosts a number of workshops and symposiums.

ABOUT THE WORKSHOP

Internet of Things (IoT) deals with the interconnection of devices that can communicate with each other over the internet. Today, several smart systems have evolved with the evolution in IoT. The goal of this workshop is to impart knowledge in IoT to academic and research community. Experts from academia and Industry are invited to present current and emerging trends in IoT.
