About the College: University College of Engineering, Bharathidasan Institute of Technology Campus is one of the constituent college of Anna University, Chennai established in the year 1999. The college is approved by the All India Council for Technical Education (AICTE). Three Departments: Department of Biotechnology, Department of Petrochemical Technology and Department of Pharmaceutical Technology are accredited by the National Board of Accreditation (NBA). The mission is to transform students into competent professional and responsible citizens by focusing on assimilation, analysis, synthesis and dissemination of knowledge to meet societal needs. We are the TEQIP II sponsored institution with UGC 2f & 12B status. UCE, BIT Campus received research and consultancy from various funding agencies of India for a total value of 300 Million Rupees. Our students grab Hackathon titles for 5 consecutive years from various Ministries of Government of India.

The Institution works towards developing partnerships with industries and academic institutes to provide quality education & opportunities for entrepreneurial development by having EDII–Anna Business Incubation Research Foundation (Section 8, Not for Profit Company). We also have EDII-Academic Innovation & Entrepreneurship Development Programme Hub (EDII-Tiruchirappalli Hub) funded by Government of Tamilnadu. The main objective of the institute is to generate a horde of highly creative professionals, who can contribute not only to the Human Resource Development and also to Nation building exercise.

About the Department: The Department of Biotechnology, a "DST-FIST Sponsored Department," presently offers degree programmes leading to the B.Tech., M.Tech., and Ph.D. levels. The curriculum is designed to help students become specialists who can identify problems and find biotechnological solutions. The Department has laboratories equipped with advanced instruments such as HPLC, GC, qRT-PCR, Fermentor, Fluorescent Microscopes, Plant Growth Chamber and Biosafety Cabinet (Class II). Research projects for about Rs. 622 lakhs have been financed by several national funding organisations, including DBT, DST-SERB, DST-Nano Mission, DHR, DRDO, ICMR, and UGC. 39 students have received Ph.D. degrees from this Department.

About the Conference: We, the Department of Biotechnology, University College of Engineering Anna University (BIT Campus), Tiruchirappalli, Tamilnadu in association with DST-SERB invites you to the two-day National conference on “**Integrated Approaches In Drug Discovery And Development (IADD)**”. This conference is designed to create a journey from plant-based drug discovery to therapeutic development, providing an overview of our strengths and capabilities in novel and repurposed therapeutics. This will bring together scientists, researchers, entrepreneurs, academicians, medical officers and technologists from all over the world to debate on the current and future challenges in scientific advances of drug research. A special invitation is extended to the Academicians, Researchers, Post- graduates, Faculty members, Researchers and Entrepreneurs to present their research in the oral/poster session enabling them to interact with visitors and speakers. We hope that you will join us and help us make this a very successful meeting with many interesting discussions.
