CEG Campus, Anna University,
Chennai – 600 025.

CERTIFICATE COURSE

on

“ORACLE PROGRAMMING”

(FROM 02nd MAY – 30th MAY 2017)

Organized and Conducted by

RAMANUJAN COMPUTING CENTRE

College of Engineering, Anna University,

Sardar Patel Road,

Guindy, Chennai - 600 025,

Tamilnadu, India.

Course Coordinator

Dr. S. Anbuchelian

Assistant Professor, (Sr.Gr.)

Ramanujan Computing Centre,

Anna University

About the Course

An Oracle database is a collection of data treated as a unit. The purpose of a database is to store and retrieve related information. A database server is the key to solving the problems of information management. In general, a server reliably manages a large amount of data in a multiuser environment so that many users can concurrently access the same data. All this is accomplished while delivering high performance. A database server also prevents unauthorized access and provides efficient solutions for failure recovery.

During the summer holidays, Ramanujan Computing Centre, Anna University, is conducting a “Two Weeks Certificate Course on Oracle Programming” for University Departments/ Constituent College Students and Other College Students. A certificate will be issued on successful completion of the course.

Objectives

The following topics are covered in the course.
