About the Seminar

The aim of TEQIP sponsored Seminar Programme is to develop new approaches and advances in various fields of Automobile Engineering and train the students who wish to upgrade the skills and knowledge. The course content in intended to provide an overview of the recent advancement in the various areas of Automobile Engineering. This programme will include lectures, tutorial sessions to be delivered by the experts.

Course Content

The seminar covers the following important areas in the field of Automobile Engineering

- Advanced IC Engines
- Automotive pollution
- Alternative Fuels
- Joining of Materials
- Automotive Safety

Resource Person

Dr. T. Senthilkumar
Anna University, Trichy

Dr. V. Arulmozhiselvan
National Institute of Technology, Trichy

Dr. K. N. Sheeba
National Institute of Technology, Trichy

Mr. S. Ramani Balaji
Asst. Manager (Projects), Rane TRW, Trichy

Dr. M. Chandrasekar
Anna University, Trichy

Registration Fee

The course is offered to the research scholars and students of Anna University, Chennai and its affiliated colleges. Registration form can be downloaded from our website. The total registration is restricted to 100 members. No TA/DA will be provided. The Registration Fee is Rs. 200/- Drawn in favour of “Dean, Anna University, BIT Campus, Tiruchirappalli” Payable at Tiruchirappalli.

Dates to Remember

Last date for
Receipt of application: 18.10.2013
(By Post)
Intimation of selection: 19.10.2013
(By Email)

About The Department

The Department of Mechanical Engineering of Anna University, BIT Campus, Tiruchirappalli was started in the year 2008 and has dedicated teachers. The department offers (i) B.E. Programme in Mechanical and Automobile Engineering, (ii) M.E., programme in Thermal Engineering and Manufacturing Technology and (iii) PhD programme in Mechanical and Automobile related areas. It has state of art laboratories acting as a catalyst for improving student’s achievements and performance.

The Department has organised several National Level Workshops / Conferences. A National Level one day workshop in Tamil on “Recent Trends in Metal Joining” was conducted for the first time in a Technical University in TamilNadu in 2010.

The Department has research activities funded by CSIR and DRDO. The department has also played host to research fellows from foreign Universities under the ambit of CICS, Chennai.

Two research scholars have been awarded Ph.D. degree. Currently there are 10 research scholars pursuing their research work in the department. More than 75 papers have been published in Journals with impact factor and Science Citation Index. The ongoing research areas are:

- Alternative fuels for IC engines
- Fatigue behavior of Friction stir welded Alloys
- Advanced Cooling Technologies
- Composite and Smart Materials
- Aerodynamics

Organised by
Department of Automobile Engineering
University College of Engineering
BIT Campus
Anna University
Tiruchirappalli – 620024.
