TEQIP II Sponsored
ONE DAY SEMINAR ON
E-RESOURCES FOR SCHOLARLY COMMUNICATION

28.02.2014
The library is a two-floor centrally air-conditioned building. The library is facilitating its users through well equipped digital library which has diverse range of online science and technology database, which is accessible from any corner of the campus. The library remains open throughout the year except national holidays.

About the Seminar
The seminar provides a platform and enables interaction among Digital Library Experts, Researchers, Academicians and Students. Adoption, implementation and Utilization of Digital Libraries and their future implications towards shaping information paradigm will be discussed. The objectives of the seminar is

- To know about various E-resources.
- To discuss the book mark tool used to search data.
- To know about different types of open source databases.
- To discuss the future trends and future of the library & information systems.
- To know how the new and emerging technologies can be harnessed to provide next generation library services.
