ABOUT THE INSTITUTE
Madras Institute of Technology is one of the premier technical institutions started in the year 1949 by Shri. C. Rajam, an eminent industrialist. The institute was the result of a bold experiment in technical education as it introduced for the first time, totally unconventional Engineering courses such as Aeronautical Engineering, Automobile Engineering, Electronics Engineering and Instrumentation Engineering. It was merged with Anna University in the year 1978.

ABOUT THE DEPARTMENT
The Department of Electronics Engineering established in the year 1949, has its core strength in the leading areas of Electronics & Communication technology. The academic programmes offered in the Department are B.E (Electronics and Communication Engineering), M.E (Communication and Networking). The cutting edge research areas include Image Processing & Pattern Recognition, Communication Technologies, Network Security, Sensor Networks, Optical Communication, Signal Processing, and VLSI. The Department has collaborative partners from academia and industry both within India and worldwide.

LOCATION
Madras Institute of Technology is located in Chrompet, Chennai, Tamil Nadu, India and the campus is very close to Chrompet railway station.

ABOUT THE FDTP
The FDTP is intended to provide opportunity for young faculty members from Engineering Colleges affiliated to Anna University to enrich their knowledge in the area of Signals & Systems.

COURSE COVERAGE
- The following topics will be covered
- Continuous Time and Discrete Time Signals
- Continuous Time and Discrete Time Systems
- Fourier and Laplace Transforms
- Differential Equation
- Impulse Response
- Convolution sum
- Z Transform and its properties
- Recursive and Non recursive Systems

ABOUT REGISTRATION
- Number of seats is restricted to 25.
- Selection on first come first serve basis.
- Preference will be given to the young faculty based on eligibility criteria.
- Selected candidates will be intimated by e-mail.
