

CENTRE FOR WIRELESS SYSTEM DESIGN
ANNA UNIVERSITY

Summer Internship Program 2026

Accelerate your
learning and hone
your skills

@ C-WiSD starting
18th May - 26th June
2026

INTERNSHIP DOMAINS

1. Classical and Quantum Cryptography
2. 5G&B Wireless Communication and Use Cases
3. Machine Learning and Artificial Intelligence

DURATION : 2 / 4 WEEKS

ELIGIBILITY : B.E. /B.TECH students who have completed 4 Semesters in ECE /CSE /IT & Allied Programmes / Faculty / Working Professionals

About C-WiSD:

The Centre for Wireless System Design (C-WiSD), established as an autonomous centre of Anna University, at CEG Campus, aims to leverage the expertise available in the University in the areas of Baseband and Signal Processing, RF and Microwave Design, Hardware Design, Fabrication and Testing, and Machine Learning towards building Wireless Systems to cater to the needs of the society and the industry requirements. The centre envisions to grow as a knowledge hub that addresses the needs of upskilling the academic community in the domain of Wireless System Design and strive to be a benchmark in research, innovation, design, development, deployment and dissemination of knowledge in Wireless System Design through effective collaboration and good practices.

Internship Details:

Mode	:	Hands-on Training (Theory & Practical Sessions)
Batch Size	:	40 Maximum
Duration	:	2 Weeks (30 Hrs. Theory & 30 Hrs. Practicals) 4 Weeks (30 Hrs. Theory & 30 Hrs. Practicals, 60 Hrs. Project)
