

ANNA UNIVERSITY AU TVS CENTRE FOR QUALITY MANAGEMENT

SQMS-2K23

Sustainable Quality Management for Students

2 days Techno-management themed on sustainability

SQMS – The event is themed on sustainability. The event is aimed to generate Awareness on sustainability. Sustainability refers to the ability to meet the needs of the present generation without compromising their own needs. It is about finding a balance between economic, social and Environmental factors to ensure long-term well-being for both people and the planet.

Objective

- To generate awareness about the importance of sustainability and the urgent needs to take action to address Environmental, Economic and social challenges.
- To encourage the participants on sustainable practices, Technologies, and policies that can help mitigate environmental impacts and promote a more sustainable way of life.
- The event would provide an opportunity for participants from various backgrounds to come-together and to collaborate on sustainability initiatives.
- The Event seeks to inspire participants to take action in their own lives, business or communities to promote sustainability and contribute to a more sustainable future for all.

Events Planned

1. Workshop on 'sustainability'

The workshop on sustainability is designed to educate participants on sustainable practices, technologies and policies.

2. Extempore Challenge

Unleash Your Spontaneous Speaking Skills!

Participants will showcase their impromptu speaking prowess in a thrilling competition.

The challenge lies in the ability to articulate thoughts and present convincingly.

3. Finding Sustainability

The Event is aimed at bringing out the problem solver trait in the participants. Participants will be given a tour of CEG campus and come out with a problem statement and solution.

4. Product Pitch

The participant's/student business owner would pitch their product relating with the theme of event to the panel and best sustainable product would be rewarded, and also provide an opportunity to setup a small stall to generate marketing scope their product (in-case they are interested).

5.General Quiz

A General quiz is an event where participants are asked question on wide range of topics from history, literature, sports and even more. The event aims at promoting learning and education through quizzing.

6.Paper Presentation

Paper presentation is an event where the participants are required to make a paper about a certain topic or area, and then present it in front of a jury, following which it will be rated and judged based on their performance.
