About Anna University

Anna University was established on 4th September, 1978 as a unitary type of University. It offers higher education in Engineering, Technology, Architecture and Applied Sciences relevant to the current and projected needs of the society. Besides promoting research and disseminating knowledge gained there from, it fosters cooperation between the academic and industrial communities. The University was formed by bringing together and integrating four well known technical institutions in the city of Madras (now Chennai) namely,

- College of Engineering (CEG)
(Established in 1794)
- Alagappa College of Technology
(ACT) (Established in 1944)
- Madras Institute of Technology (MIT)
(Established in 1949)
- School of Architecture & Planning
(SAP) (Established in 1957)

Department of English

Anna University

The Department of English at Anna University aspires to empower engineering and technology students with effective communication skills in English, and the requisite intercultural competence, which will enable them to function effectively in the global scenario. The Department also strives to inculcate ethics and values, which will result in the holistic development of the young professionals. The Department aims to be recognized as a nodal centre for research, teaching, design of learning materials, and testing, to English Language Teachers in Technical Institutions in Tamil Nadu.

About SRNMC

Sri S. Ramasamy Naidu Memorial College, Sattur, is an autonomous, multi-disciplinary and postgraduate research Institution re-accredited with CGPA of 3.74 on four point scale at "A++" grade by NAAC. The College was started in memory of Sri S. Ramasamy Naidu, a veteran freedom fighter, social activist and educationist at Nagalapuram in the year 1970 and was shifted to Sattur in 1972. It is located in an attractive campus at Sattur on the National Highway from Madurai to Kanyakumari NH44. The College is affiliated to Madurai Kamaraj University, Madurai. It offers 10 Undergraduate, 7 Postgraduate, 6 Diploma courses and 8 Ph.D., Programmes. The Vision of the College is to make higher education available to the students from socially, economically and educationally background families and to increase their employment prospects. The Mission of the College is to offer opportunities for the rural students to bring out their inherent talents.

About the Department of English

The Department of English was established in 1979 under the guidance of erudite and self-effacing Professors. It is one of the best and dedicated disciplines ceaselessly offering a comprehensive curriculum to equip students with a sound knowledge in language, literature and communication skills. The faculty constitutes a team of 9 dedicated members. The English Literary Association organises various guest lectures on various genres in literature. The Students' Club of Literary Association conducts various competitions to bring out the latent talents and innate skills of the students. The Department has been recognised as a Research Department in 2021. Six Research Supervisors in the Department are guiding nineteen Ph.D., Scholars in major areas such as English Language Teaching and Learning, Literature and New Literary Theories. Two PG students of the Department have qualified for themselves in NET-2023. We have received sponsorship from the State and the Central funding agencies like ICSSR, Sahitya Akademi, New Delhi & SZCC, Ministry of Culture, Government of India and ELTAI.

About the FDP

"Some people call this artificial intelligence, but the reality is this technology will enhance us." -Ginni Rometty. AI will become an integral aspect of teaching and learning process. The next revolutionary change in the teaching and learning process will be done by AI tools and its applications.

Artificial Intelligence is going to dominate the entire universe by its revolutionary teaching and learning methods and tools. Educators and Researchers are in a position to learn the applications of AI tools. Teachers are overwhelmed by the plethora of technological advancements and we are challenged on a daily basis to keep ourselves abreast of the innovations in the use of AI and its applications. In such a scenario, this Faculty Development Program is the pressing need of the hour as it will widen our horizons of knowledge and enable the participants to empower themselves as the potential beneficiaries of AI tools. To help in such a collaborative effort, a Three Day Faculty Development Program has been jointly organised by Anna University and Sri S. Ramasamy Naidu Memorial College which hopes to enlighten teachers and demystify AI while simultaneously guiding us to delve into the diverse application of AI tools and technological empowerment.

Objectives:

- To enhance the usage of machine learning processes to carry out specific tasks .
- To find out the usage of AI educational technology in English Language Teaching (ELT).
- To empower the teachers in developing the students' proficiency in four language skills - Listening, Speaking, Reading and Writing (LSRW).
