Anna University: Tirunelveli Region
About the University
Anna University Chennai is a leading technical University in India located at Chennai, Tamil Nadu. It was established on 4th September, 1978. The University has established collaborative research programme with world class institutions from various countries. Haven proven both in academic and research areas, Anna University was able to impart quality and excellence in Technical education. Anna University has four University Departments, four Regional Centers and twelve Constituent Colleges. The Regional Office :Anna University is one of the primary institution of Anna University located at Tirunelveli. It aims in craving students technically to excel in competitive world with well equipped faculties.

About the Department
The Department of Electrical and Electronics Engineering was started in 2008. The department has a post graduate course in M.E. Embedded System Technologies. It serves as bridge between computer science, information technology and electronics engineering. The staff of Embedded Systems have a strong background in Electrical, Electronics and the integrated technology. The Department is equipped with excellent infrastructure and equipments to explore the technological challenges in the areas of embedded real time systems, embedded control systems, VLSI and signal processing.

About NEC’15
NEC’15 aims at addressing an essential theme on Smart Intelligent Systems. The conference includes an attractive keynote lecture on recent research issues. The original technical and research papers are invited for the proposal. The paper must be of IEEE format and publication ready version. Submit your original manuscript in MS word not exceeding 6 pages to the following mail id : eeeneec15@gmail.com. The accepted papers (oral and poster) will be published in NEC’15 Conference proceedings. Any one author of the accepted paper is required to register for conference and must present the paper in the conference. Each exceeding page will be charged with Rs.50/-. 

Topics of Interest
NEC’15 invites papers not limited to the following domains
- Embedded control systems
- Power line communication
- Smart grids
- Satellite and mobile communication
- Networking and security
- Nano electronics design and simulation
- FPGA application in various domains

Important dates to remember
- Last Date for Submission of paper : March 2nd 2015
- Notification of acceptance for paper : March 11th 2015
- Camera Ready Paper with Registration and soft copy : March 16th 2015
- Last Date for Workshop Registration : March 16th 2015
- Workshop Session : March 19th 2015
- Conference date : March 20th 2015

Registration Details
The fee should be paid only through DD in favor of “Society of Embedded Engineers”, payable at Tirunelveli.
- Registration for workshop : Rs.1000
- Registration for conference : Rs.1000
- Registration for both workshop cum conference : Rs.1500
(Registration fee includes certificate, workshop kit, lunch and Refreshments)
Dear Delegates,

The department of Electrical and Electronics Engineering is organizing 3rd National Level Embedded System Conference (NEC’15) on 19th and 20th March, 2015. The event has a pre-conference workshop on 19th March 2015, covering two topics - Smart grids and Challenges on Analog Design conducted in two parallel sessions and presentation of paper on 20th March, 2015. The conference is targeted to focus on the smart intelligent systems. The conference will provide a platform for all technocrats, academicians, researchers to express their idea and provide insight on future trends.

I enclose the brochure of NEC’15 for your perusal and I further request you to circulate the brochure among your faculties and students especially the PG students of circuit branches. I invite all the faculty members, research scholars and students to actively participate in both workshop and paper presentation to make the event a grand success.

Thank You

With Warm Regards,

L. Sheela
Organizing Secretary
