ABOUT THE UNIVERSITY CAMPUS

University College of Engineering Nagercoil is a college for some of the top notch students in the state. This institution was established in the year 2009 by the initiative of the Government of Tamil Nadu. This is a Constituent college of Anna University Chennai. The University campus enriches the students with four UG courses (ECE, CSE, Mechanical (E&T) and Civil (E&T)). It also offers UG and PG part-time degree courses and Ph.D (Research) in various disciplines. The campus is situated 2 km from Nagercoil Town. Our vast campus with innovated, contemporary style buildings provides good experience and luxury for students to acquire knowledge. Trees and fresh air in the campus make it a wonderful atmosphere for study.

ABOUT THE DEPARTMENT

The Electronics and Communication Engineering department was started at the time of inception of the college in the year 2009. We provide undergraduate and post graduate courses with our highbrow and involved faculties. Among the host of activities of the department of Electronic and Communication Engineering, the major ones are teaching and research. The department moulds the students in their core area and provides them strong foundation and technical skills. The faculty has succeeded in keeping a lively atmosphere among the students, with timely up gradations in the curriculum and innovative teaching techniques.

ABOUT THE CONFERENCE

This National Conference (ACCSP’13) on “Advances in Communication, Computing and Signal Processing” is to provide an opportunity for all researchers, academicians and practicing engineers to meet and exchange the ideas and explore new avenues of research and development. Papers on original work and research project will be presented and discussed.

CALL FOR PAPERS

Authors are requested to submit 2 hard copies and 1 soft copy of their full manuscript in IEEE format (Maximum 6 pages) for review of the selection committee before the last date. The selection of the papers will be intimated to the authors through e-mail.

THEME

ACCSP’13 will focus on the advancements, technology and application taking place in the field of communication, computing and signal processing. Hence the advent of these smart technologies are expected to become ubiquitous & revolutionize the way of communication.

IMPORTANT DATES

Submission of full manuscript : 7th Mar 2013
Intimation of selection (E-mail) : 11th Mar 2013
Submission of final manuscript with registration form & DD : 15th Mar 2013

CONFERENCE TOPICS

- Wireless Communication
- Signal and Image Processing
- Cognitive Radio Networks
- Soft Computing
- Nano Technology
- Embedded Systems
- Artificial Intelligence
