Announcement

The primary goal of the conference is to promote research and development activities in the environment and energy sector. The conference brings together the most recent advances in Environmental and Renewable Energy Technologies and their applications in various industries. It provides a platform for researchers, engineers, and professionals to share their experiences and insights on the latest developments in the field.

Conference Themes
1. Sustainable Energy Systems: Development and Integration
   - Renewable Energy Systems
   - Energy Storage Technologies
   - Energy Efficiency and Conservation

2. Environmental Engineering and Technologies
   - Water and Wastewater Treatment
   - Air Pollution Control
   - Solid Waste Management

3. Emerging Technologies: Nanotechnology and Bioengineering
   - Nanomaterials for Environmental Applications
   - Bioremediation Techniques
   - Genetic Engineering in Environmental Management

4. Energy and Environment: Cross-Sectoral Interactions
   - Energy Policies and regulations
   - Environmental Impact Assessment
   - Climate Change Mitigation Strategies

Technical Advisory Committee

- Prof. D. S. Garg, IIT Delhi, India
- Prof. K. K. Sharma, IIT Kanpur, India
- Dr. R. K. Pandey, IIT Roorkee, India
- Dr. P. K. Singh, IIT Kanpur, India
- Prof. A. K. Tripathi, IIT Madras, India

Conference Organizers

- Dr. R. K. Tripathi, IIT Delhi, India
- Prof. K. K. Sharma, IIT Kanpur, India

Dates

The conference is scheduled to take place from 10th to 12th September 2023. The registration deadline is 1st August 2023. Early bird registration rates are available until 15th July 2023.

Organizing Committee

- Chair: Prof. D. S. Garg, IIT Delhi, India
- Co-Chairs: Prof. K. K. Sharma, IIT Kanpur, India; Dr. R. K. Pandey, IIT Roorkee, India
