About the University Campus

University College of Engineering Nagercoil is a college for some of the top notch students in the state. This institution was established in the year 2009 by the initiative of the Government of Tamil Nadu. This is a Constituent college of Anna University Chennai. The University campus currently offers the students with four UG courses (ECE, CSE, Mechanical (E & T) and Civil (E & T)). It also offers UG and PG part-time degree courses and Ph.D. (Research) in various disciplines. The campus is situated 2 km from Nagercoil Town. Our vast campus with innovated, contemporary style buildings provides good experience and luxury for students to acquire knowledge. Trees and fresh air in the campus make it a wonderful atmosphere for study.

About the Department

The Electronics and Communication Engineering Department was started at the time of inception of the college in the year 2009. We provide under graduate and post graduate courses with our highbrow and involved faculties. Among the host of activities of the department of Electronic and Communication Engineering, the major ones are teaching and research. The department moulds the students in their core area and provides them strong foundation and technical skills. The faculty has succeeded in keeping a lively atmosphere among the students, with timely upgradations in the curriculum and innovative teaching techniques.
