Head of the Department
Mechanical Engineering
Engineering Colleges concerned.

Respected Sir,

ANNA UNIVERSITY has grown to be one of the best known universities today, especially our college, UCEK is considered as one of the special among them because it holds the values of being placed in the birth place on Dr. C.N. Annadurai and started as a remembrance of his 100th birthday.

“MECHOFEAST’ 13” is a national level technical symposium in the field of Mechanical to provide a platform for the students to exhibit their knowledge and creativity. This is an annual event to be held on September 14th this year and students from all over India are expected to participate in it, and also September 15 is Dr.C.N.Annadurai’s birthday so there is no doubt in conducting the symposium in a grand manner.

The symposium comprises of Technical Paper Presentation, Project Expo, Water Rocket, Quiz, CADD Modelling and fun events. So we cordially invite students from your institution to participate in this event.

In this regard we request you to display the event poster at prominent locations in your campus and encourage your students to participate and showcase their talents in this national level technical symposium.

Thanking you
Yours sincerely,
HOD
Dept. of Mechanical Engg.
