WAND-13

TWO DAYS
WORKSHOP ON ANDROID
APPLICATION DEVELOPMENT

On
12th - 13th September 2013

Organized by

DEPARTMENT OF
COMPUTER APPLICATIONS

Anna University
BIT Campus
Tiruchirappalli-620024
The Institution aims to provide student-centered state-of-the-art courses besides excellence in Research and Developmental activities.

**About the Department**

The Department of Computer Applications established in the year 2007, offers a three years course in Master of Computer Applications (MCA) with an objective to impart quality education in the field of Computer Science. It provides a foundation in computer concepts and techniques with emphasis on computer applications. The Department encourages and supports students’ success through enhancing technical knowledge in the major research areas like Data Structures and Algorithms, Computer Networks, Data Mining, Mobile Ad-hoc Networking, Grid Computing, Cloud Computing and Pervasive Computing Technologies.

**About WAND-13**

Android is an open source and free mobile platform built on Linux kernel and backed by the strong consumer brand of Google. Google announced the formation of the Open Handset Alliance (OHA) in Nov 2007 to further the development of Android. OHA includes 45 diverse companies (mobile operators, handset manufacturers, semiconductor companies, commercialization companies, and software companies).

**Course content**

Topics to be covered in the workshop:

- Android application programming
- Getting started with Android
- Setting up Eclipse for Android Software Development
- Android Building Blocks
- Layouts and UI Control.
- Android Application Resources.
- Introduction to Animation and Graphics.
- Data Storage.
- Web Application Development.
- Publishing your Application
